Check or cash

payment will be taken at the
door. Checks should be made
out to the "Lancaster County
Clean Water Consortium"

The workshop will focus on providing municipalities (elected officials, managers, staff) with useful information including how to fund riparian buffer installation, addressing MS4 and Chesapeake Bay Pollution Reduction Plan requirements, and long term tree care with associated environmental benefits among others.

Speakers Include:

Ashley Spotts, Chesapeake Bay Foundation-CREP
Mathew J. Ehrhart, Stroud Water Research Center
Mark Gutshall, LandStudies

FREE for Lancaster Clean Water Consortium Members
\$25 for non-members
