How to prepare your Pollutant Reduction Plans (PRPs)

The Lancaster County Clean Water Consortium invites municipal managers, other public officials and engineers to attend a workshop series designed to help local governments prepare their Pollutant Reduction Plans as required by the NOI for the 2018 MS4 Permit. Workshop format is designed for presentation of requirements and sharing between municipal officials.

Please Pre-Register:

Kent Bitting at kentbitting@lancasterconservation.org
or 717-299-5361

Coffee will be provided.

Check or cash payment will be taken at the door. Checks should be made out to the "Lancaster County Clean Water Consortium"
